c. Noted an article in a recent issue of the Washington Daily News respecting brain-washing and what to do with returned brain-washed members of the military services. After some discussion it was agreed that a brief paper on this subject would be prepared by DD/P which the Director will take up at an early OCB Meeting. Mr. [REDACTED] pointed out that we had been in close touch with representatives of the IAC on this matter. Mr. [REDACTED] reminded the Director he had promised the NSC during his quarterly report on 21 April that he would furnish the Council members further information on brain-washing. The Director said he would at a future NSC meeting advise the members that we had made available appropriate information on this subject to the intelligence community. In connection with the above-referred to OCB paper, the Director asked Mr. [REDACTED] to insure that a copy is furnished Col. Goodpaster.
